A Housing Development Located in Baltimore County, Maryland

296 houses requiring additions, 3 small vacant plots, a cafeteria building and power house.

PARCEL "A" A tract of land of approximately 15½ acres, exclusive of streets and alleys, improved with 296 houses, each having four rooms and bathroom. All houses are two stories and attic high, built of stucco on metal lath on concrete foundations and with slate roofs. Some of the attractive features are: electric lights, gas, maple floors and stairs, front plazzas, shades, screens, etc.

These houses are arranged in 36 groups, with rows of four, six, eight and ten houses to a group. Seventy-two end houses are 16 feet 11 inches wide, with lots averaging 26 feet wide; 54 knside houses are 16 feet 9 inches wide and 170 inside houses

are 14 feet 9 inches wide. Lots vary in depth from 90 to 150 feet. Three vacant plots are included in this tract, dimensions of which are respectively 120' x 131'; 120' x 90'; 55' x 125'.

Streets are paved with concrete; sidewalks and housewalks are

of concrete; an ample setback provides attractive front lawns; planting space has been allowed between curbs and sidewalks; large trees line several of the streets. Streets are well lighted with 100 C. P. incandescent lights placed at street intersections and intervening points. Complete sewers connected with disposal plant of the Dundalk Company are installed. Reservations have been made for 10-foot service alleys in the rear.

A plot of approximately 98,000 square feet upon which has been built a cafeteria and power house. The cafeteria building is one-story high, erected on concrete foundations and has a floor area of about 36,000 square feet. Some of the floors are of concrete. This building is fully connected with water and sewers. Fire lines throughout the building with frequent hose connections

furnish ample fire protection. Electric wiring is all installed for lighting and gas lines connected.

The power house is built of brick and is equipped with two 90-horsepower high pressure boilers with complete auxiliary fittings.

The two above-described parcels are located on the Sparrows Point Branch of the Pennsylvania Railroad, the westerly frontage of the property being within a few feet of the St. Helena Station. This property also fronts on the line of the Bay Shore Branch of the United Railway and Electric Company which operates high-speed electric trains between Baltimore and the Bay Shore Terminal. Running time from the heart of Baltimore is about 36 minutes and from the Sparrows Point Shipyard of the Bethlehem Shipbuilding Corporation about 10 minutes. A portion of Parcel A is within the limits of the City of Baltimore.

All reservations, charges, encumbrances, etc., are set forth in the proposal forms to be used in submitting bids. Sealed bids in accordance with terms set forth in form of proposal, with separate prices for either or both parcels, will be received at the office of the United States Shipping Board, Emergency Fleet Corporation, Housing Division, 140 North Broad street, Philadelphia, Pa., and will be opened on Monday, August 4, 1919, at 11 A. M. Bids to be considered must be accompanied by certified check of bidder for 5% of offered price. The owner reserves the right to reject any and all bids made.
